UPWARD GOES
PRICE OF OIL

Fourth Successive Increase
in Eastern Crude Was
Made Today.
COMPETITION IS
GIVEN AS REASON.
The Advance Made Today
is Seven Cents Per
Barrel.
Pittsburgh, Pa., Jan. 30.—The
fourth successive advance in crude
oils was recorded when the South
Penn Oil Company announced its
prices at the opening of business
this morning. As on every other
day this week the price was lifted
7 cents a barrel, bringing Pennsylv-
ania crude to \$2.33, and other
grades to the following prices:
Mercer Black, Corning and New
Castle \$1.86; Cabell \$1.92; Somerset
\$1.32. There was no change in Rag-
land from 70 cents.
When the Standard Oil Company
of New Jersey was dissolved by or-
der of the federal supreme court
last year a number of smaller com-
panies were organized in this terri-
tory, and competition for crude oil
for the new refineries has become
pronounced.
Pittsburg, Pa., Jan. 30.—For eight-
een months preceding the dissolution
of the Standard, which took place
December 15, 1911, Pennsylvania
crude on which the price of all oil is
based by the purchasing agencies,
had been quoted at \$1.30 a barrel.
Eleven days afterward the price was
advanced five cents. Five cen-
t more was added on April 19, 1912,
and another five cents added June 3.
From that time until October 1912
there was no change but then it be-
came apparent that the purchasing
agencies of the various Standard Oil
subsidiaries had determined to force
prices to a much higher level. The
policy of tacking on five cents to the
price paid, however, was continued
until December 14, when the dream
of the oil producer was realized in
the announcement that \$2 oil had
arrived. But it did not stop there.
Soon after the beginning of the new
year another advance of five cents
was recorded. On January 6 and on
January 27 seven cents was tacked
on. From that time until this
morning there have been daily ad-
vances of seven cents, and oil men
here were today predicting \$2.50 oil
by mid-summer and \$3 oil before
the end of the year. While it is re-
alized by those who closely follow
the runs and shipments, as well as
production that there is a scarcity of
oil the movement this week has been
so unusual that many persons feel
that something more than the legiti-
mate commercial demand underlies
it. However, officers of the leading
oil companies refuse to comment on
the situation saying that even the
most careful survey of the field fails
to account for the steady rise.
The effect of the advance has been
most pronounced in western Penn-
sylvania, West Virginia and Ohio,
where many leases are being taken
up and preparations being made to
begin drilling operations without
waiting for the appearance of warm
weather as is customary.

PARLIAMENT
IS NEGATIVE

In Its Estimate of the Ca-
pacity of the Gov-
ernment,
FOR FIRST TIME
IN ITS HISTORY
A Vote Was Passed Expres-
sing Want of Confidence
in Government.
Berlin, Jan. 30.—The German im-
perial parliament today passed for
the first time in its history a vote of
want of confidence in the govern-
ment.
The question before the house was
the approval of the government's re-
ply to the interpellation of the chan-
cellor by the Poles, yesterday. They
asked what the chancellor intended
to do to "prevent the expropriation
of Polish land owners in Prussia by
the Prussian government, a measure
irreconcilable with the spirit of the
imperial constitution.
The house today carried by 231
against 97 a resolution of disappro-
val of Dr. Hermann Lisso's reply in
which he said the matter was purely
an internal one for Prussia and had
nothing to do with the imperial par-
liament.
The Poles, clericals and socialists
joined to form the majority. The
progressives in the house abstained
from voting, arguing that the im-
perial parliament was without juris-
diction on a question affecting one
of the states of the empire.

ROBIN HANDCUFFED
NOTORIOUS CRIMINAL

New York, Jan. 30.—Joseph G.
Robin, erstwhile high financier, fail-
ed today to escape the rogues' gal-
lery camera man at police headquar-
ters, although Joseph B. Reichman,
William J. Cummins and Charles H.
Hyde, who were convicted largely on
Robin's testimony, were spared the
ordal. Handcuffed to "Bull" Jon-
ings, a notorious criminal, Robin
was taken to police headquarters,
photographed, measured and "finger-
printed." He was then sent away to
begin his prison term of one year
for bank-robbing.
Police Commissioner Waldo an-
nounced yesterday after the failure to
photograph Reichman, Cummins and
Hyde had been brought out by an in-
vestigating committee that the pris-
oners had never been in the custody
of the police but were held by the
district attorney's office.

RAILROAD MAGNATE'S
DAUGHTER MARRIES.

St. Paul, Minn., Jan. 30.—Miss
Rachel Hill, daughter of Mr. and
Mrs. James J. Hill, and Dr. Edil
Boeckmann, were married today.
Only a few relatives and close
friends attended the wedding, which
took place at the Hill home.
The Rev. Thomas J. Gibbons, of
St. Luke's church, officiated. Dr.
Boeckmann is a former Minnesota
football star.

MANDAMUS SUIT
OVER KOELINE'S BOND

Columbus, O., Jan. 30.—The su-
preme court today gave permission
for the filing of a mandamus suit to
compel Common Pleas Judge Carroll
Sprigg and Clerk of Courts John M.
Ebert of Montgomery county, to ac-
cept a bond tendered by John C.
Koehne, who is under indictment for
alleged embezzlement. Attorneys C.
A. Aten and H. V. Broenstrup of
Dayton, made the application. The
case was filed immediately after per-
mission was given.

BRYAN GIVES
FLAT DENIAL

To the Report That Was
Sent Out From
Miami, Fla.
DICTATES REPLY
TO THE REPORT.
Is Capable of Speaking for
Himself What He
Wants Said.
Miami, Fla., Jan. 30.—De-
claring that Henry E. Alexan-
der, of Trenton, N. J., did not
call upon him on political busi-
ness, William J. Bryan today
replied to reports sent out from
Miami to the effect that Mr.
Bryan had given assurances
that he would accept the por-
tfolio of secretary of state in the
Wilson cabinet. Mr. Bryan di-
ctated the following:
"No attention whatever
should be paid to such reports
as were sent out from Miami
last night. No friend would
presume to speak for me in such
a matter, and no man who
would assume to speak for me
can be considered a friend. I
take it for granted that Presi-
dent-elect Wilson will give out
anything he wants published
and I will give out anything I
want published. Neither of us
should be held responsible for
what anybody says. Speaking
for myself, I do not care to dis-
cuss unauthorized reports. Mr.
Alexander did not call upon po-
litical business, and our conver-
sation was about an entirely
different matter."
The report to which Mr. Bryan
refers in his dictated interview was
sent out from Miami, Florida, and
is as follows:
Miami, Fla., Jan. 30.—Con-
ferences between William J.
Bryan and other prominent
democratic leaders, including
Henry E. Alexander, of Trenton,
close personal friends of
President-elect Wilson, resulted
in the announcement by the
Miami Herald last night that
Mr. Bryan had given
a positive assurance that he
would accept the portfolio of
secretary of state in the Wilson
cabinet. Mr. Alexander left
early today for Trenton and he
is believed to be the bearer of
Mr. Bryan's answer to Mr. Wil-
son.

ALDERMAN WAS
FINED BY JURY.

Chicago, Jan. 30.—Al Tearney,
alderman and president of the Three
I baseball league, also saloon pro-
prietor, was fined \$20 by a jury in
the municipal court which today
found him guilty of keeping his
place open after closing hours.
Much attention has been attracted
to the case for the reason that
Tearney's alleged violations of the
closing ordinance were reported
more than 100 times by the police,
yet he was not haled into court un-
til a local newspaper began press-
ing the charges. Three similar charges
against Tearney remain to be dis-
posed of.

LIMITING TENURE
TO SINGLE TERM.

Washington, Jan. 30.—When the
senate met today it was under an
agreement to vote on the Works re-
solutions proposing a constitutional
amendment to limit the tenure of of-
fice of the president and vice pres-
ident of the United States to a single
six year term. The agreement pro-
vided that the vote should be taken
up this "legislative day." That
meant that if debate became too ex-
tensive that it be concluded before night,
it might be extended to tomorrow or
even further, and still be within the
legislative day.

CHEMICAL COMPANY
INCREASES CAPITAL.

Columbus, O., Jan. 30.—The Gr-
assell Chemical Company of Cleve-
land, has increased its capital stock
from \$7,500,000 to \$20,000,000,
paying a fee of \$12,505 to the state
for the privilege of doing this. C.
A. Grassell is president of the com-
pany.

THORPE CONFESSION
STARTS SOMETHING
Suggestion is Made That
Many Others Trans-
gressed.
London, Jan. 30.—Sporting auth-
orities continue to comment sympa-
thetically in the case of James
Thorpe and laudatory of the Ameri-
can athletic authorities who have re-
ported the famous Indian athlete's
disqualification as an amateur. In no
quarter has there appeared any evi-
dence of taunting Americans over the
discovery.
"If America really wants to know
the 'true British feeling toward
Thorpe,' says a sporting writer in
the Daily News, 'we can reduce the
frenzied pace of Secretary Sullivan's
outraged pulse. Britain is satisfied
that Thorpe's victory was above
board even if Sullivan does not.'
If Thorpe was the only American
who had transgressed the letter of
amateur laws, then in their army of
athletes they have a wonderful col-
lection," says the writer in the Daily
Mirror. No one who knows British
athletics from the inside would for a
moment imagine that none of our
team had taken payment sub rosa
in the way of fat expenses, but the
difficulty is in getting proof of any
wrong doing.
"Since the Stockholm games we
have had bona fides of one or two
prominent Frenchmen questioned.
A well known French official told me
the other day that the suspension of
an Olympic competitor was immen-
ent. Unfortunately Thorpe is only
one of many. He was unlucky
enough to be found out, but the fact
remains that America had the best
man in the Pentathlon, and De-
cathlon events. As for the American
spirit in sport, I think we should
recognize in this critical matter that
the Americans are behaving in a
perfectly correct manner."

FOUR WERE
CREMATED

In the Fierce Flames Which
Destroyed Small Chi-
cago Hotel.
DOZEN OTHERS
SERIOUSLY HURT.
The Building Which Was
Four Story Structure,
is Total Loss.
Chicago, Jan. 30.—Three men and
one woman were burned to death,
three men were seriously injured and
a dozen others suffered less hurts, in
a fire which early today destroyed
the Iowa hotel, a four story brick
structure at 330-332 north Clark
street.
The hotel was a cheap affair, which
had only cots for beds. Two seri-
ously hurt jumped from windows,
either into the alley or onto the spur
of the Northwestern "L."
The dead:
JAMES O'GARA, 30 years old, New
Haven, Conn.
B. BENJAMIN, 40 years old, home
unknown.
JAMES LOVE, barber, 35 years
old, 157 Marion street, Oak Park,
Ill.
PEARL CLARK, also known as
Wilson, 27 years old.
The damage to the building was
estimated at \$15,000. No cause was
given for the fire.

TALES OF HEROISM
WERE TOLD BY CREW

Plymouth, England, Jan. 29.—
Tales of heroism on the part of the
engineers were told by the crew of
the tank steamer Margaretha which
arrived from Philadelphia today.
During her voyage the captain in
order to save the ship was obliged
to sacrifice 10,000 barrels of oil.
The full force of a succession of
fierce Atlantic gales struck the vessel.
At one time there was ten feet of
water in the engine room and the fires
were kept alight by the most daring.
When the ship had to be lightened
in order to keep her afloat, the
jettisoning of part of her cargo of
oil served a double purpose by
breaking the waves.

30 MILLIONS LOSS
TO CITRUS CROP.

Los Angeles, Calif., Jan. 30.—
million dollars is the estimate of the
damage done citrus fruits by the re-
cent cold weather in this state, ac-
cording to a Bulletin issued last
night by State Horticulturist A. J.
Cook.

PARTICIPANTS ONLY
WILL BE ELIGIBLE.

Columbus, O., Jan. 30.—Since
the Winters bill providing for an
appropriation of \$12,000 to cover
the cost of transporting and caring
for Ohio veterans who participated
in the battle of Gettysburg at the
50th anniversary of the battle to be
celebrated on the battle-ground was
introduced in the legislature, many
soldiers have written to the adjutant
general expressing a desire to attend
the event. Of the number who have
written, however, Adjutant General
Wood says that not a few did not
participate in the battle of Gettys-
burg, although they belonged to the
Ohio regiment that fought there.
Only those who participated in the
battle will be eligible to attend the
celebration to be held July 1-3, if
the bill is passed.

BANK PRESIDENT
WAS SENT TO JAIL.

New York, Jan. 30.—Every ten
days since New Year's a bank pres-
ident has been sent to jail from
Brooklyn by Supreme Court Justice
Crane. The third man he has sen-
tenced this year is William C. Dam-
ron, former president of the Home
Bank, who was today given a term
of one year in the penitentiary. His
bank closed its doors in January,
1908 and Damron was recently
found guilty of misappropriating
\$2,500 of its funds.
The two other bank presidents
sentenced are David A. Sullivan,
president of the Mechanics' and
Traders' Bank, convicted of the lar-
ceny of \$20,000, and Broc R. Shears,
president of the Borough Bank,
found guilty of misappropriating
\$3,000.

WILL CONFER WITH
THE GOVERNOR.

New York, Jan. 30.—The New
York stock exchange today appointed
a committee to visit Albany and con-
fer with Governor Sulzer regarding
proposed legislation affecting the ex-
change. The committee includes J.
B. Mahon, president of the exchange;
three ex-presidents, F. K. Sturges,
Rudolph Keppeler and H. K. Tomroy,
and six other prominent brokers and
bankers.
The committee expects to hear
from Governor Sulzer shortly, ap-
pointing a time for a meeting.

APPLICATION TO
FLOAT BOND ISSUE.

Columbus, O., Jan. 30.—The pub-
lic service commission today received
an application from the Cleveland
Short Line Railway company of Cleve-
land, for authority to issue bonds to
the amount of \$4,800,000. In the
petition the Lake Shore and Michigan
Southern Railway company asks
permission to guarantee the pay-
ment of the bonds. The commission
also received an application from the
Hamilton Utilities Company, of Ham-
ilton, O., asking authority to pur-
chase the Hamilton Gas and Electric
company. The former company de-
sires to issue stock amounting to
\$255,000.

The house judiciary committee
next Tuesday will take up again the

the stockholders the proposition to
surrender the franchise, it is said,
on the assurance from the city that
its vested interests will be preserved.

Wants to Re-open Short Ballot Fight.
Republican members of the house
of representatives probably will make
an attempt today to re-open the
short ballot fight on Representative
Young's bill, providing for the ap-
pointment of the state dairy and
food commissioner by the governor,
by moving to re-consider the action
yesterday by which the Young bill
was passed, 66 to 53.
Several of the republican members
today intimated that enough demo-
crats were ready to change their
votes to secure the defeat of the
bill. The Young bill was passed
with only four votes to the good, it
requiring 62 votes for passage. Of
the four votes, two were the votes
of Representatives Celler and Nye,
both progressives from Toledo.
However, the republicans declared
they would not re-open the fight
unless they were assured that enough
votes would change to kill the bill.
Representatives of the state and
national granges, according to an-
nouncement on the floor yesterday,
are opposed to the bill, because it
would take away from the farmer
the one office most dear to him.

today held a meeting at the instiga-
tion of Governor Cox to get together
on a good roads program to be put
up to the present session of the gen-

The various good road bills al-
ready introduced were discussed.
One of the bills provides for the
codification of existing road laws,
one bill for a 1/2 mill levy and an-
other for a 1/4 mill levy for good
roads, another for the working of
convict labor in making roads, and

WEST ENDERS AT BANQUET

Man of the First Congregational Church Enjoy a Royal Feast.

TWO HUNDRED SIT AT FESTIVE BOARD.

Former Pastor, Rev. O. Lloyd Morris, Delivers Speech of Evening.

The West Enders' club of the First Congregational church enjoyed a delightful banquet at the Masonic temple, Wednesday evening, in which over two hundred participated. The dining room of the Masonic Temple was utilized and the matrons and misses of the church served the feast.

The Rev. O. Lloyd Morris, formerly of Lima, but now pastor of the Congregational church at Ypsilanti, Mich., was the principal speaker. The Rev. W. Surdival, of Gomer, the Rev. Dr. J. G. Thomas, and Thomas H. Jones were also among the speakers. The Rev. S. L. Davis, pastor of the church, was toastmaster. Music was provided by Mrs. M. M. Keltner, soloist, and Miss Edna Peate and Arthur D. Thomas, the speakers. The Rev. S. I. Davis, at the piano. Mrs. Anna Roberts Davies of Gomer, also sang.

The program was as follows: The Rev. S. I. Davis, toastmaster, "Our Guests;" Thomas H. Jones, "Philosophy of Longevity and Good Eating;" the Rev. Dr. J. G. Thomas, "What Does the Doctor Say?;" F. A. Bundy, "Let There Be Light;" R. E. Davis, "A Business Man's Opinion;" the Rev. W. Surdival, "A Preacher's View Point;" W. S. Shepard, "Physical Culture;" Earl C. Rohn, "The Women;" Jacob Custer, "Olden Days and Now;" the Rev. Mr. Morris, "Why the Church is Worth While;" and music, Mrs. Keltner, Miss Peate and Mr. Thomas. The officers of the club who managed the banquet are C. E. Higgy, president; Charles W. West, vice president; James W. Gensel, secretary, and R. C. Massman, treasurer.

Administrator is Waiting Further Advices From His Sister.

The mystery surrounding the parentage of Prof. Otto Scholz, the German music teacher who died in this city a few weeks ago, was cleared up this morning when Samuel Weinfeld, administrator of the dead musician's estate, received a letter from Leslie French, cashier of the First National Bank, of Escanaba, Michigan, informing him that Scholz's mother and sister were living in that city.

Mr. French, writing in behalf of Mrs. R. Steinke, the dead man's sister, made inquiry as to the cause of the professor's death, full particulars of the burial, and his financial condition at the time of his death. No intimation as to whether or not the relatives desired that the body

Everything Marked in Plain Figures

be exhumed and interred in their home city was contained in the letter.

Weinfeld, who was largely instrumental in securing a respectable burial for the dead musician, and who was later appointed as administrator of his estate by Probate Judge Hutchinson, has replied to the letter of Mr. French, giving the full particulars of his untimely death and the other details connected with the funeral and settlement of his affairs. It is expected that a letter will be received within a few days, with final instructions as to the wishes of Scholz's relatives.

The first clue that was had which indicated that Scholz had relatives in this country was developed by Weinfeld, who in examining the musician's private papers, found the address of Mrs. Steinke, Escanaba, Michigan. The address was turned over to Rev. Henry Schlueter, pastor of the Evangelical German Reformed church, of this city, who wrote to Mrs. Steinke, informing her of Scholz's death and burial in this city.

The letter of French to Weinfeld is in reply to the letter of Rev. Schlueter, and establishes with absolute certainty that he was a brother of Mrs. Steinke. The letter also states that Mrs. Scholz, the mother of the dead musician, is quite aged and infirm, and makes her home with her daughter.

Clears the Mystery.

Until the receipt of the letter this morning, it was believed by the majority of the late musician's friends in this city that Scholz was a son of noble birth, and that his relatives were living in Germany. The German consul at Cincinnati, was enlisted in the effort to locate his relatives, but after communicating with the authorities in the old country, he was informed that no trace of his relatives could be found.

As near as can be learned, Scholz never told his closest friends in this city that he had a mother and sister. Living in Michigan, and never dropped the slightest hint that he had any relatives living in this country. What happened in his early life to estrange him from his family is not known, and may never be known unless his relatives impart the secret in the next letter to his administrator.

In discussing the financial affairs of the dead musician this morning, Weinfeld stated that but \$1.40 had been collected since his death, which was the amount due him for music lessons from a Lima pupil. The cost of his burial was secured by subscription among the dead man's friends and the funeral arrangements left nothing to be desired.

WOMEN WORKING FOR 8 HOUR DAY.

Washington, Jan. 30.—Women from many states, leaders in a national movement to restrict the hours of labor of women wage-earners crowded into the rooms of the house committee on labor today to endorse the bill of Representative Peters, of Massachusetts, proposing an eight hour day; six days a week

for women workers in the District of Columbia. "They told us that hotel guests ate every day, that cows had to be milked every day and that busy seasons made it impossible to limit the hours of work of California women," said Miss Maude Younger, of San Francisco. "But since we passed the eight hour law there, all the threatened difficulties have disappeared. The added expense comes not on the manufacturer or merchant but upon the public, and the people of California were ever willing to pay the extra tax for the development of a better womanhood."

Hints for Housekeepers.

Keep Foley's Honey and Tar Compound always on hand, and you can quickly head off a cold by its prompt use. It contains no opiates, heals and soothes the inflamed air passages, stops the cough, and may save a big doctor's bill in the yellow package M. M. Keltner.

LOBBYISTS ARE STILL REGISTERING.

Columbus, O., Jan. 30.—Lobbyists continued to register today with the secretary of state, that they may appear before the legislature and its committees in the interest of legislation. Those registering today were William F. Mason, of Hamilton county, A. A. Shetler of Columbus and Gale M. Hartley of Dayton, all representing the Ohio Brewers Association.

WILL MARCH ON TO WASHINGTON.

New York, Jan. 30.—The suffragettes who march to the national capital next month expect to outdo General Washington by crossing the icy waters of the Delaware three times. The schedule which "General" Rosalie Jones has drawn up calls for crossings at Trenton first, and then from Bristol, Pa., to Burlington, N. J., and the third time from Camden, N. J., to Philadelphia.

Among the suffragettes who yesterday began their preliminary drills in Central Park is Martha Klatschen, a young stenographer who declares she had given up a perfectly good job at \$25 a week with an anti-suffragist to march with the army. She said she had decided she was a traitor to work for an "anti."

LIKE FINDING MONEY.

The Melville Drug Company Offer Popular Medicine at Half Price.

The Melville Drug company, the popular druggists, are making an offer that is just like finding money, for they are selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy 50 cent pieces for a quarter, but that is what this offer really means, for it is only recently through the solicitation of the Melville Drug company that this medicine could be bought for less than fifty cents. They urged the proprietors to allow them to sell it at this price for a little while, agreeing to sell a certain amount. The result has justified their good judgment, for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles, but if by any chance it should not, the Melville Drug company will return your money.

THE STAGE

"BOUGHT AND PAID FOR."

Playgoers are frequently heard to speak of the atmosphere found in this or that theatrical production. Just what this atmospheric condi-

tion is has always been explained and accorded to the scenic artist who has so faithfully depicted the picture represented in the play, that the spectator laughs himself in some picturesque spot instead of an orchestra chair at the theatre.

William A. Brady, who is sending his Playhouse, New York, success, "Bought and Paid For," to the Faurot on next Saturday afternoon and night, states that this factor is merely a fleecy cloud and not the atmosphere of the theatre. The atmosphere is the forming of every character in the play so carefully and with so much regard for what that character would do and how he or she would act were they a personage in this every day life we lead, argues the well known producer. So much attention has been given this detail in the staging of Mr. Broadhurst's drama that one forgets it is a play. Rather it is a series of incidents occurring in the domestic life of the people portrayed. When the curtain rises it is not a stage, but it enables you to see through the brick and mortar of Robert Stafford's magnificent home in New York "Bought and Paid For" is one of the real human plays which sinks deeply into the heart, and is bound to become strongly identified with the stage in future generations.

Seats for this notable attraction will be placed on sale on Friday morning and judging from the demand for reservations this offering will no doubt be greeted by a capacity house.

THE WEATHER.

Columbus, O., Jan. 30.—Forecast
for Ohio: Local rains tonight; Fri-
day rain or snow and cold.

A new system of docketing cases
that are filed with clerk of the su-
preme court, Frank E. McKean, who
is an expert accountant and book-
keeper, will reduce the possibilities
of errors creeping into the court
records and so reduce the time re-
quired in making entries that the
present office force will be able to
take care of all increased business
that may come for several years.

Under the old system all entries
were made in long hand in two big
cumbersome dockets, one for the
judges and the other for the clerk,
and at the close of each term many
days were consumed in transferring
doctored cases and those that had
not been passed upon—many times
cases had to be entered as high as a
dozen times. Now loose leaf dockets
have been installed, duplicate en-
tries are made for the judges and
clerk, in typewriting, and by simply
lifting the pages from the old
dockets and inserting them in the
new, the necessary transfers of de-
cided and undecided cases are made,
and the dockets are always up-to-
date.

Statistics that have been prepared
show that the cost of the Ohio public
schools increased \$13,000,000 in the
last decade, while in the same period
the school enumeration increased 6-
000 and the population was augmen-
ted 600,000. But one child was
added to the schools out of each 100
increase in population, and for
every \$2,166 that was added to the
schools there was a gain of but one
pupil. The expenses mounted most
rapidly in the cities, it is asserted.

Governor Cox proposes to see
whether the money is being wisely
expended by those directing the
schools, and to accomplish this he
has already conferred with A. N.
Farmer and A. D. Upson, of the
training school for public service in
New York, which is an adjunct of
the municipal research bureau of
that city, relative to a school survey.
This was done in Wisconsin by at-
taches of the bureau and startling
conditions were disclosed, with the
result that the school system of the
Badger state is now upon a much
higher plane of efficiency. When
this survey is made the living and
traveling expenses of the New York
experts will be charged to the state,
their salaries will be paid from the
pension fund of the bureau. The
cost of the survey to the state will
be small considering the magnitude
of the task.

stolen. No money was stolen.

The New Senator
From the Bay State.

John W. Weeks of Newton has
been chosen to succeed W. Murray
Crane in the junior senatorship of
Massachusetts. Mr. Weeks, who
was born in Lancaster, N. H., in
1850, is a graduate from the United
States Naval Academy. He served
for a time as midshipman, then re-
signed from the navy to enter the
banking business. He was one of
the organizers of the Naval Militia
of Massachusetts, and served as a
volunteer officer in the Spanish-
American war. In 1904 he was
elected to congress from the Twelfth
Massachusetts District, and was re-
turned from that district for three
terms. His congressional activities
have been principally in naval and
banking affairs, and his experience
in these lines should make him a
valuable member of senatorial com-
mittees.

I suffered from Erysipelas for
thirty years and could obtain only
temporary relief, although I tried
various remedies and treated with
the best doctors. My face was a

Until about two years ago I suf-
fered with Eczema since a small
child. It was all over my body, even
in my hair and on the bottom of my
feet. I bought about one dozen jars
of Hekara from my druggist and it
cured me. I am now entirely well

I suffered with Eczema for over
twenty years. The affected parts
were so sore and tender that I was
obliged to have cushions put in bed
to keep the bedclothes from touch-
ing me. For a long time I suffered
so that I could not sleep until from
utter exhaustion. Hekara gave me
instant relief, and in a short time en-
tirely cured me. Hekara is a won-
derful remedy. Mrs. Mary A. Gras,

I had Rheumatic Eczema and the
pain was so intense that I could not
sleep, and was continually groaning
in pain. My doctor gave me several
remedies, but they gave me very lit-

all that is claimed for it. Albert C.

WHAT IS
AN ALMANAC?

It's a Long Step From a
Patent Medicine Almanac
to a Handbook of In-
formation That Will Help
and Interest Men, Wom-
en and Students.

Many persons think that "Almanac"
means a patent medicine pamphlet,
with some information and more ad-
vertising. "Almanac" is accepted
now as a word synonymous with
"handbook," "encyclopedia," "guide,"
"annual," "year book," "blue book,"
and the like.

Our Almanac is all of these and
more. It is particularly valuable to
every man, woman and student who
wants to know about Ohio, Ohio coun-
ties, Ohio towns, Ohio politics, Ohio
weather—anything and everything
about Ohio.

When this new paper's Ohio Al-
manac was in the making there was
one idea kept in mind—utility. And
the result is that this Buckeye State
Encyclopedia and Guide is invaluable
to every man, woman and school pu-
pil that reads the English language.

School teachers who have seen the
Almanac commend it as a work of
real educational value.

It is no small task to get together
more than 100,000 facts about Ohio,
but that is what has been done in our
Ohio Almanac. This is a publication
of 320 pages.

Without doubt, it is the most com-
plete book ever published about the
Buckeye State. As is said about this
Handbook of Information, it is a ver-
itable encyclopedia.

This Buckeye State Guide is a com-
pilation of information about Ohio
alone. In it you can learn just what
you want to know about your home
state, your home county and your
home town.

For instance, our Almanac tells you
how many farms there are in this
county that are 10 acres in size, 40
acres in size, 160 acres in size, and

OUR SPECIAL OFFER

EVERY reader of this paper—
man, woman and student—
should have a copy of our
Ohio Almanac. You can get your
copy at this office if you present
this notice, or the coupon from
another page, with compilation
fee of 25 cents. By mail, 35
cents.

This Handbook of Information
and Buckeye State Encyclopedia
and Guide carries 100,000 facts
about Ohio.

every other size. It tells about farm
values, farm crops and everything
you want to know about farm sta-
tistics.

It gives the names of all county
officials, all state officials and all city
officials. It prints attitudes of every
county. Population statistics are com-
plete.

But it is not a statistical publication
alone. It is full of readable infor-
mation matter about Ohio. It gives the
military history of the state and car-
ries many articles of interest. The
pages devoted to climate are of par-
ticular interest. They show the rain
fall, the temperature and the wind
velocity for this and every county.

Party Platforms.
A valuable feature of our Almanac
is the department devoted to political
parties. It prints the Ohio platform
of all political parties—Democrat, Re-
publican, Progressive, Socialist, Pro-
hibition and Socialist Labor. It car-
ries the names of all state candidates.

In our Ohio Almanac you will find the
Ohio vote for president and state offi-
cers this last fall and it is the only
source from which you can get this
vote. The vote on important consti-
tutional amendments is printed. For
example, if you want to know how
many votes liquor license and woman
suffrage received in this county our
Ohio Almanac will tell you.

Constitutional Amendments.
The constitution of the state with
the new amendments is printed in
full. The new amendments are printed
in different type. You can learn
just what the initiative and referen-
dum amendment and every other
amendment is, through the Almanac.

Our Ohio Almanac gives the popu-
lation and tax value of every township
in Ohio. It carries a "roll-down"
of laws—like local option, fence, school,
divorce, marriage and labor laws. It
carries tax laws in detail, including
the 1 per cent tax limit law. Game
laws are thoroughly covered.

This wonderful Buckeye State En-
cyclopedia tells about the work of
state departments from agriculture to
canals. It prints manufacturing sta-
tistics that show what an important
state Ohio really is and of course it
carries monthly calendars with in-
formation concerning rising and set-
ting of the sun and moon.

It is the best thing about Ohio ever
put between covers and the price is
ridiculously low. The coupon printed
elsewhere tells you how you can get
the book at this office for 25 cents.

Garden Sage Darkens Gray Hair
So Naturally Nobody Can Tell

RESTORES ITS LUSTRE, PRE-
VENTS SCALP ITCHING, DAN-
DRUFF AND FALLING HAIR.

That beautiful, even shade of
dark, glossy hair can only be had by
brewing a mixture of Sage Tea and
Sulphur. While it is a messy, tedious
task it will repay those whose
hair is turning gray, faded and
streaked.

Your hair is your charm. It
makes or mars the face. When it
fades, turns gray and looks dry,
wispy and scraggly, just an applica-
tion of two of Sage and Sulphur en-
hances its appearance a hundred
fold.

Don't bother to prepare the tonic;
you can get from any drug store a
50 cent bottle of "Wyeth's Sage and
Sulphur Hair Remedy," ready to

use. This can always be depended
upon to bring back the natural color
and lustre of your hair and is the
best thing known to remove dan-
druff, stop scalp itching and falling
hair.

Everybody chooses "Wyeth's Sage
and Sulphur" because it darkens so
naturally and evenly that nobody
can tell it has been applied. You
simply dampen a sponge or soft
brush and draw this through the
hair, taking one small strand at a
time, which requires but a few mo-
ments. Do this at night and by
morning the gray hair has disap-
peared and after another application
it becomes beautifully dark and ap-
pears glossy, lustrous and abundant.
It certainly helps folks look years
younger and twice as attractive, says
a well-known downtown druggist
if F. Yorkkamp.

IMPORTANT TO FARMERS

Home Makers' Meeting Will
be Held at the O. S. U.
Next Week.

INSTRUCTION IN
AGRICULTURE

And Home Economics Ar-
ranged for Farmers and
Their Families.

Farmers' Week at Columbus.
A farmers' and home makers' week will be held at the Ohio State University, February 2 to 7, under the direction of the college of agriculture. Five days of practical instruction in agriculture and home economics has been arranged for farmers and their families. There will be no registration fees of any kind and no charges for admission to the lectures. The program includes the following speakers and their subjects: M. A. Bachtell, "First Essentials of Soil Building;" C. G. Williams, "Grain Farming, Seed Corn Selection and Storage;" F. E. Bear, "Manure and Phosphorus;" Porter Elliott, "Commercial Fertilizers;" W. J. Hendrix, "Carbonate of Lime;" H. C. Price, "Organization of the Farm, Cost of Production, Marketing Farm Products;" W. R. Lazenby, "Fence Post Timber, The Wood-lot;" H. C. Ramsower, "Drainage, Farm Engineering Problems, Farm Water Supply,

Sewage Disposal, Lighting the Farm Home, Conveniences;" C. S. Plumb, "Importance of Improved Live Stock, Demonstration in Beef Cutting;" D. J. Kays, "A study of the Horse, a study of Beef Cattle, a Study of the Hog;" O. Erf, "Dairy Management, Feeding and Breeding, Ripening of Cream and Manufacturing Dairy Products on the Farm;" O. C. Cunningham, "Demonstration in Milk Testing;" W. L. Clevenger, "Churning, Farm Butter Making;" F. S. Jacoby, "Use of the Incubator On the Farm, Cost of Egg Production, Rearing Chicks With a Brooder, Demonstration of Killing and Dressing Poultry;" C. J. Grant, "The Corn Crop, Importance of the Soy Bean Crop;" A. G. McCall, "Improving Our Seed Corn, Alfalfa Production;" W. Paddock, "The Trees We Plant, Pruning;" V. H. Davis, "Orchard Insects and Their Control, the Home Garden, Beautifying the Home Grounds;" R. B. Cruikshank, "Orchard Diseases and Their Control;" J. U. Gribben, "Home Conveniences." The lectures on home economics will include such subjects as, "First Aid to the Injured and Home Care of the Sick;" "Cost of Food;" "Bread;" "Meats;" "Textiles;" "Dress;" "Use and Modification of Patterns;" "Fitting of a Shirt Waist and Skirt;" "Cost of Clothing;" "Comparison of Custom and Home Made Garments;" "House Planning;" "Pictures for the Home;" "House Decoration and Furnishing." These lectures will be given by the instructors in the home economics department of the university. There will be joint meetings each day from 11 to 12 o'clock at which subjects of interest to men and women will be discussed. Each day at 4 o'clock special lectures will be given by A. B. Graham, superintendent agricultural extension; H. C. Collingwood, editor Rural New Yorkers; H. C. Price, dean college of agriculture; Mrs. C. W. Foulk, instructor in domestic science; J. Warren Smith, professor of meteorology and section director of the weather bureau. All lectures are open to the public.

At Once! Clogged Nostrils Open Head Colds and Catarrh Vanish

Breathe Freely! Clears Stuffed-up
Inflamed Nose and Head and Stops
Catarrhal Discharge. Cures Dull
Headache.
Try "Ely's Cream Balm."
Get a small bottle anyway. Just to
try it—Apply a little in the nostrils
and instantly your clogged nose and
stuffed-up air passages of the head
will open; you will breathe freely;
dullness and headache disappears.
By morning! the catarrh, cold-in-
head or catarrhal sore throat will be
gone.
End such misery now! Get the
small bottle of "Ely's Cream Balm"
at any drug store. This sweet, fra-

grant balm dissolves by the heat of
the nostrils; penetrates and heals
the inflamed, swollen membrane
which lines the nose, head and
throat; clears the air passages;
stops nasty discharges and a feeling
of cleansing, soothing relief comes
immediately.
Don't lay awake tonight strug-
gling for breath, with head stuffed;
nostrils closed, hawking and blow-
ing. Catarrh or a cold, with its run-
ning nose, foul mucous dripping into
the throat, and raw dryness is dis-
tressing but truly needless.
Put your faith—just once—in
"Ely's Cream Balm" and your cold
or catarrh will surely disappear. H.
P. Vortkamp.

RECLAIMING AN OHIO SWAMP.

Five thousand acres of swamp
land in Bloomfield township, Trum-
bull county, Ohio, is to be reclaim-
ed and turned into fertile trucking
farms. If the plans of a recently
formed development company work
out. The work of reclamation has
already been started, and a big
floating dredge has opened up 100
rods of the 10-mile ditch that is to
be dug. This ditch, which will drain
into Rock Creek, is to be 7 or 8
feet deep, 20 feet wide at the top
and 7 feet at the bottom. Smaller
lateral ditches will be dug, and, at
the borders of the area, tile will be
put in so that the land will be com-
pletely drained and put into good
farming condition. There are about
2,000 acres of deep muck land in
the area adapted to celery and
onion growing; the rest is a rich
black soil that should be well
adapted to a variety of crops. The
development company will start a
number of demonstration farms to
show what can be done on the
land and then sell it in small tracts
for trucking purposes. It is sur-
rounded by a number of large cities
providing good markets for this in-
dustry, which will be operated on a
co-operative basis.

Here is a remedy that will cure
your cold. Why waste time and
money experimenting when you can
get a preparation that has won a
world-wide reputation by its cures
of this disease and can always be
depended upon? It is known every-
where as Chamberlain's Cough Rem-
edy, and is a medicine of real merit.

As the Work of Investigat-
ing Various Schedules
Progresses.

Washington, Jan. 30.—The sundry
schedule of the tariff law, with its
large number of varying articles that
fall outside the other 13 schedules,
was again up for discussion today be-
fore the house committee on ways
and means. The hearing room was
crowded with representatives of in-
terests involved and there was a
formidable list of witnesses that
promised to occupy not only all day
but possibly tonight.

Most of the witnesses want reten-
tion of the present tariff on the pro-
ducts of their industries. The tes-
timony all through the tariff hear-
ings has been liberally sprinkled
with politics, the democratic mem-
bers of the committee contending
for the principles of tariff for re-
venue only, with occasional free trade
suggestions, and the republicans in-
tending in their examination of wit-
nesses to bring out the efficacy of
the doctrine of protection for home
industries and the working opera-

tion of the Payne-Aldrich tariff law.
The remaining hearings will be the
free list, the miscellaneous provi-
sions and the administrative fea-
tures of the tariff.

had been troubled with sick head-
ache for about five years, when she

Will Close Feb. 7.

During the meetings this week,
deep-seated religious thought and de-
votion have dominated. The ser-
vices on Monday night will have a
far reaching result and eternity alone
holds the answer. Many entire
families were represented. Two
bright faced boys announced their
intentions of becoming ministers;
girls pledged themselves to take up
the services of deaconess and mis-
sionary; still other persons pledged
themselves to be soul-winners de-
spite their chosen life work; parents
presented their babies with prom-
ises for sacrificial service. Evan-
gelist Hugh Smith fairly teemed with
inspiration; Dr. M. B. Fuller was
very exultant over the result. At
each service this week new names
have been added to Trinity's enroll-
ment.

Tonight the evangelist will present
a splendid sermon on "The Soul-
Winner's Reward." After the service
tomorrow night, plans will be put in
operation for big rallies Sunday, be-
ginning in the Sunday school, then

AND SAVE YOUR ENERGY,

says DR. CYRIL G. HOPKINS,
soil expert at the Illinois Experiment
Station, than continue farming on the
plan of taking from and not putting
back into the soil those things which
are absolutely essential to perma-
nent, successful agriculture.

And he proves this statement. But
he does more. After showing with
irrefutable facts just why the pre-
vailing American method of farm-
ing is ruinous, he demonstrates how
you can make your farm yield from
30 to 40 more bushels per acre.

It's all in a series of articles entitled

The Homesteader's Gamble

is another big
feature of this
week's issue. It is by W. J. Harsha, a Colorado home-
steader, and it tells the whole homesteading proposition
from A to Z. Mr Harsha has been through the mill
and he says that a man who stakes a homestead and
hasn't the two G's—gumption and grit—had better
quit. He says further that a homesteader will stand a
better chance of succeeding if he has \$1000 in cash.

And, Besides All These Features,

The Western Farmer and His Help, a solution of the farm labor problem,
by Walter V. Woehlke; *Spring Plants In the Greenhouse*, the keynote of
success in growing and selling them, by F. F. Rockwell; *Duck Culture*, by Ted Edwards; *A Land of Berry Farms*, by J. Russell

legislation, poultry, crops and the market, and a page of pertinent editorial comment.

A Word With the Women.

Every week the
"Country Gen-
tlewoman"—a farmer's wife, a mother, a good house-
keeper and an intelligent woman all rolled into one—writes
an article that is full of helpful ideas and sensible advice. This
week her subject is *Farm Children's Clothing*. This issue also
contains: *Using The Kitchen's Left-Overs* (a substantial way of
reducing the cost of living); *New Simple Furniture* (showing that
economy, beauty and utility may be combined); *From Tough to
Tender* (meaty suggestions in the full sense of the word).

BACOME LED ALL OTHERS

In Examination Last Evening, but Grant Likely to be Captain.

**SAFETY DIRECTOR
IS IN NO HURRY**

Will Not Make Appointment Until He Receives Copy Of the Rules.

Upon receipt of the notification from Safety Director Blank that there is a vacancy existing in the office of captain of the Lima police department, the civil service commission will certify to him for appointment the names of Sergeant William A. Bacome, Patrolman Ira L. Snyder and Clarence F. Grant. These three officers ranked highest in the order named at the civil service examination held at the old city building, last evening.

Members Sherrick, Drake and Dean, of the civil service commission, spent the greater part of this morning going over the papers of the four applicants at the examination, and at 10:30 o'clock, made public the grade, as follows: William A. Bacome, 95 per cent; Clarence F. Grant, 93 per cent; Ira L. Snyder, 93 per cent; and Edward M. Wallace, 92 per cent. These four men constitute the eligible list for appointment as captain of police, according to the rules and regulations of the civil service commission, and the appointment must be made from one of the number.

The promotion of S. A. Earnst from the position of captain of police to chief of the department, left a vacancy in the captaincy, which has been filled by the appointment of Patrolman Charles McCoy, acting as captain to serve until the regular officer is selected. McCoy is barred from the eligible list because of the fact that he has not served five continuous years in the department, as prescribed in the rules and regulations of the civil service commission.

Upon being informed of the result of the examination by a representative of this paper, Safety Director Blank stated that he would not ask for the certification of the three names until he had received an authenticated copy of the rules and regulations adopted by the board. This he claims he is entitled to as the head of the safety department of the city.

The law provides that the safety director shall notify the civil service commission of any vacancy existing in the department, and that the commission shall at once certify to the director the names of the three highest men on the eligible list. So far, the safety director has not acquiesced in the commission of the existing vacancy, and no names can be certified for appointment until this is done.

Blank refused to state this morning when he would notify the board, but added that he would not do so until he had received a copy of the rules and regulations of the commission. The rules now in force were adopted by the commission in July, 1912, and were patterned after the regulations of the department in Dayton and Cincinnati. No copies of the revised rules have been printed, the commission claiming that they had no funds to pay for the cost of printing.

Eligible Patrolmen.
In addition to the examination for the captaincy, the commission held an examination last evening of applicants for the position of patrolmen in the Lima police department. The three highest, announced this morning by the commission, were Frank Eberle, of 218 east Third street, 83 per cent; Philip Drosch, 118 west McKibben street, 80 per cent; Martin P. S. Koch, 126 west Spring street, 87 per cent. The names of these men have been added to the eligible list.

At the present time, there is no vacancy existing in the department, the appointment of Frank Heffner last Saturday filling the vacancy in the ranks caused by the appointment of Charles McCoy as acting captain. The three men examined last evening, however, have the highest grades of any in the list, and the next patrolman appointed will in all probability be one of these three.

FOUR CITIES WERE ADDED

To the Ohio Racing Circuit
at Meeting Yesterday
Afternoon.

**LIMA RACING
MEET IN JULY.**

President C. E. Ramby and
Secretary Galvin Were
Re-elected.

Four cities were added to the Ohio Racing circuit at a meeting of the organization held yesterday afternoon at the Hotel Norval. The circuit this year will include the cities in the circuit last year, namely, Dayton, Springfield, Lima, and Toledo, and four others, Greenville, Findlay, Marion or Fremont, and Monroe, Michigan.

Assurance that Lima would again be represented in the circuit was given when the local association renewed its membership in the Ohio Racing circuit yesterday. The dates of the Lima meet are July 15th to July 18th.

This decision was arrived at at a meeting of the Lima Driving Park company, held prior to the meeting of the Ohio Racing circuit. Purses for the local meet will total \$4800,

\$1200 for each day of the meet, the same as last year.

It was also decided to introduce a new feature at the Lima meet, which was later sanctioned by the Ohio Racing circuit. This will be a free-for-all pace in half-mile heats, three in five. It is claimed that this feature will appeal strongly to horse men, and will insure fast and interesting racing to the spectators.

Dates Assigned.

The following are the dates assigned to the different cities included in the circuit: Greenville, June 24 to 27; Dayton, July 1 to 4; Springfield, July 8 to 11; Lima, July 15 to 18; Toledo, July 22 to 25; Findlay, July 29 to August 1; Marion or Fremont, August 5 to 8; and Monroe, Michigan, dates not assigned.

The circuit again made the rule that \$1000 was the minimum amount that could be offered in purses for one racing day. Greenville is the only city in the circuit whose purses will not aggregate \$1200 per day.

Officials of the circuit claim that the circuit this year is the largest and strongest in the history of the association, and that a higher class of racing is assured than ever before. The cities included in its membership are all connected by interurban lines, and the transfer of horses is thereby made easy and economical.

Ramby President.

C. E. Ramby, of Dayton, was re-elected president of the circuit for the third successive year at the business session yesterday afternoon, while W. J. Galvin, formerly of Lima, but now of Jamestown, was re-elected secretary, also for the third successive year. The administration of these two officials has been highly satisfactory to the members of the association, and their continuance in office was greatly desired. Secretary Galvin was authorized to

appear before the Ohio public service commission as a representative of the circuit to endeavor to secure a modification of the rule which makes it mandatory on the part of the shipper to pay rates on each horse at 5000 pounds, regardless of the actual weight of the animal.

A resolution was also passed approving the action of the American Trotting association in its effort to revise the racing rules to make them more equitable to the owners.

Present at the meeting yesterday were: Charles I. Gordon, of Greenville; C. E. Ramby, of Dayton; Guy Reader, of Springfield; John Jackman and Harry Bernstein, of Toledo; Parlee Mitchell, of Findlay; C. A. Hochenedel, of Fremont; Thomas O'Brien, of Indianapolis; W. L. Marshall, of Xenia; W. J. Galvin, of Jamestown; Rollo Drake, of Chicago. The party was augmented by a large number of Lima horsemen, trainers, and race lovers.

The following officers and directors of the Lima Driving Park company have been elected to serve during the coming year: President, D. W. Steiner; vice-president, J. C. Linnemann; secretary and treasurer, E. J. Maire; D. H. Sullivan, J. W. Rowlands, Thornton Mitchell, John Ashton, J. R. Shclair, and J. O. Hoyer.

**PIQUA TEAM WILL
MEET LIMA BUNCH.**

Fine Game Promised in the
Wheeler Hall Gym.
of B. W. C.

On Friday evening a hotly contested basket ball game will be played between the All Star team of the Business Woman's club and a team of girls from Piqua. The Business Woman's club team is in fine practice, and have strong hopes of being the victors. The games this year are played in Wheeler hall, which is the temporary gymnasium of the B. W. C.

The line up for the local team is as follows: Captain Oread Wetherill, guard; Lulu Wale, guard; Hazel Mauk, center; Addie Piper, side center; Elizabeth Boegel, forward, and Dot Wyatt, forward. The game will be called at eight o'clock. While in the city, the Piqua team will be entertained at the B. W. club house at 407 west Market.

What is better for the nervous system than an entire relaxation of the nerves and muscles? One great man said: "There is nothing that will help a person to relax so quickly as music."

If you doubt this assertion, try it for yourself and you surely will agree.

Many can not play and yet there is that longing for music—get one of our celebrated **PIANOLA PIANOS** and you'll get the best music to be had from any point of view. If you have a piano and can't play or do not care to play, we'll take it in on a Pianola Piano.

Come in and hear one and you'll be amazed at the tone and variation—you are welcome whether you intend to buy or not.

STORY OF HOW TWO TURKS FACED DEATH STOICALLY

The correspondent of the London Graphic sends the following thrilling account of a weird war incident, which is reproduced almost in its entirety. It needs no comment:

One fine day when the afternoon sun turned the Maritza into a broad stream of shining gold, I turned out of the main street of Mustapha Pasha to watch an incident in a back-yard. In a war where thousands of men have been killed it was but a trivial affair, merely the hanging of two Turks who had been caught red-handed after murder. But to them it was important enough, this episode in a back-yard, where they were to play the final act of life, and to the Bulgarian spectators it was invested with the dignity of vengeance for many massacres and many murders done by the Turks in the days of their power. To me, a man unfamiliar with such sights, it was a strange and dreadful lesson in human psychology. I had seen, some days before, the two prisoners brought into Mustapha Pasha by an escort with fixed bayonets, and had heard the tale of their deeds. They were Bashibazouks, renowned in their district for many murderous acts upon defenseless Christians. It is said that one of them, the elder of the two, had murdered 23 people with his own hand, and that the other had cut up women and children. The crime for which they had been taken and condemned was the cold-blooded murder of three Bulgarian soldiers billeted in their house.

They were to be hanged, and the ropes were ready for them, dangling from the branches of a stout tree in a ruined garden at the back of the deserted house. An old ladder was propped up against the tree, and a few packing cases had been piled up insecurely beneath one of the nooses. There was nothing beneath the other noose, but at the last moment a soldier brought up a cabinet about a yard high, with broken panes and feet. It seemed to him good enough to support a Turk during his last moments. There was a little crowd

In the ruined garden, tramping over the bushes and refuse, and rubbish heaps which smelt horribly. Among them were photographers, a few journalists, Bulgarian peasants, soldiers and police. One soldier drew his sword and obligingly hacked down some of the boughs which stood in the way of the cameras. The gentlemen of the press were, for once, to have a close view. I wondered what was the fascination which made men eager to see other men die, which prevented me from turning away from the approaching horrors.

Before I could get an answer to the riddle there was a sudden hush, and through the backyard the condemned men came with their guards. Their wrists were tied tightly behind their backs, and their feet were also bound, but loosely, so that they could shuffle forward. They were pushed on between a quickset hedge of bayonets, like beasts, but as they came near to where I stood I was struck by the dignity of these two murderers, and by the courage with which they faced their doom. One of them was an old man with white hair and beard, a thick bare neck and great shoulders. His companion was a younger man, though perhaps 50 years of age, very tall, and with a long, lean, aquiline face, and a short black beard. Both of them wore the Turkish fez, and were dressed as men of some rank. It was clear that they accepted their fate. Both of them stared up at the gallows tree, and their eyes did not flinch from the sight of these dangling ropes. Then they looked around upon the crowd about them, at all those watching eyes and pointing cameras and pitiless soldiers.

An officer read out their indictment and condemnation. It was a long document of several pages and many paragraphs, and it seemed to me too long while men waited for death. At the end of the oration there was a movement among the soldiers, and a young Turkish officer, speaking to the condemned men in

W. A. BRADY DEVELOPING TALENT FOR THE STAGE

There are many young men or young women in this city possessing real dramatic talent who desire to develop it upon the stage?

Before answering the question please consider it carefully.

It is not directed at those who desire to go on the stage without possessing talent. There are already enough stage-struck persons in the world without adding to the list to make the lives of producing managers any more of a burden than they are now.

But, it is as has been said, there is latent dramatic talent in this city, there is a man in New York waiting to grasp it. He is William A. Brady, producer of many notable successes, one of the chief of which, "Bought and Paid For," it will be the pleasure of playgoers to witness here shortly.

Mr. Brady has just let down the bars that heretofore have served to keep the present pasture of stars and near-stars free from the invasion of the ambitious but untried actors and actresses who have been longing for a chance to get in. He has done more than that, he has even caused "Welcome" to be hung up over the gate.

No, Mr. Brady is not exactly a philanthropist. This new step of his was not taken for his health or even for the pleasure it will give to others. He is simply hunting for talent which he may turn into fame for its possessor and at the same time into perfectly good American dollars for himself.

"I have no intention of turning my business into a school of acting. What I intend to do is simply to give everybody a chance. Let this may be considered a general invitation for the stage-struck to descend upon me, I'd like to announce that there will be no sugar-coated pills

for those who haven't some trace of the 'goods.' They will be turned down politely but firmly. I have found that it is only one out of every hundred applicants who have real stage talent. It is not an agreeable task to undecieve these misguided souls but it is vastly better for them to learn the truth early than to go on cherishing delusions which prevent them from applying themselves to more congenial pursuits.

"But I believe I am adopting a wise course when I encourage the application of those with histrionic tendencies. I realize that what we most need at the present time, is young, fresh talent and instead of encouraging it to come to us we have built an insurmountable barrier to keep it away. It does not require any particular vivid sense of vision to perceive that if we continue to keep up the bars, we shall have to go on engaging the same group of actors and actresses the year around, with a mere filtering in of the few who manage to creep under the fence or fly over it. It often has occurred to me that if we are to do away with the difficulty of digging up new talent, we have been going the wrong way about it and hereafter, our perplexities instead of smoothing them out."

For as busy a man as Mr. Brady is, it would appear that he had undertaken an onerous burden in his attempt to add the development of talent to his other cares of production. Certainly there is no busier producing manager in New York today than Mr. Brady.

Only recently he opened his new 48th street theatre in New York, a fact which might be looked upon as the anniversary celebration of the phenomenal success attained by "Bought and Paid For" with which he opened his new playhouse last fall.

"I went on the ferry boat and waited until it was in the middle of the river. Then I dived into the water. I must have been pretty close to the bottom of the river when I realized what a coward I was. I was almost all in before I got back to the surface. Then I struck out for shore. Men at an electric station put me into their boiler room and gave me hot drinks and when I left them yesterday they fitted me out in a coat and hat."

Keep Foley's Honey and Tar Compound always on hand, and you can quickly head off a cold by its prompt use. It contains no opiates, heals and soothes the inflamed air passages, stops the cough, and may save a big doctor's bill. In the yellow package. M. M. Keltner.

CHICAGO POLICEMAN DRAWS LINE ON CATS.

Chicago, Jan. 31.—Edward Sieber, chief of police of Wilmette, a suburb, has hung out this sign:

"Hereafter police officers will not bury dead cats unless found upon public highways."

"I have been," said he, "the official undertaker for the last dead cat. Hereafter Wilmette people will have to bury their own."

During the last two weeks the chief has been called upon at all hours of the day and night to bury cats. Wet weather is given as the cause of the unusual number of deaths among the animals. Recent rains have filled empty salmon cans with water, and the cats, drinking from them, have been poisoned.

Mrs. A. R. Tabor, of Crider, Mo., had been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. Sold by all dealers.

MILLIONAIRE DIED INTESTATE

Chicago, Jan. 31.—David H. Wilson, a farmer, who lived for 59 years at Oregon, Ills., working his ground unassumingly almost until the time of his death, it has been found was worth more than \$1,000,000. He left no will and efforts are now being made to find who is entitled to the estate.

During many of the years he toiled in overalls on his farm he had valuable securities in a vault in a Chicago bank to which he apparently paid no attention aside from paying rent upon the box.

COULD GET NO WORK; ATTEMPTED SUICIDE.

New York, Jan. 31.—Mourning as a suicide, John McGowan, who leaped from an East river ferry boat on Wednesday evening, turned up at his tenement home late last night, while his young wife, with her baby, was searching the river front for his body.

A photograph of McGowan's wife and baby was found on the ferry boat after he had leaped overboard in the dark, leading to his identification. Reporters were waiting at his home last night to learn further of the suicide when McGowan, a tall muscular chap walked in.

"I simply couldn't stand being without work any longer," he said.

HAIR TURNING GRAY OR FALLING? Just Mix Sage Tea and Sulphur

IT'S GRANDMOTHER'S RECIPE FOR DANDRUFF AND RESTORING COLOR TO HAIR.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some druggists make

their own but it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Folks like "Wyeth's Sage and Sulphur" because no one can positively tell that you darkened your hair, as it does it so naturally and evenly, says a well-known druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever. H. P. Vorkamp.
